

At your service

The time has never been better to create a family friendly workplace. **thread** is ready to help. Take advantage of our services today.

Are you ready?

Child Care Referral Services

Consultation, information, resources, and customized child care referrals (near home or near work) to meet employee child care needs. This can be provided by phone referral or through an on-site session.

Child Development/Parenting Seminars

Networking, parenting support, and strategy sessions. A wide range of topics and presentation formats are available.

Child Care Needs Assessment and Market Profile

An in-depth analysis of employer's needs, identifying gaps in child care services (e.g., days, times, type of child care, availability, etc.).

Employer Cooperative

Facilitates the establishment of cooperative links between neighboring businesses with employees sharing similar child care needs.

Employer Tool Kit

Self assessment checklist that allows organizations to determine which areas concerning child care and other related needs are highest priority.

Child Care Development Consultation

On-site consultation to help identify and develop the child care solutions that are best suited to your business and the needs of your employees.

State Child Care Licensing Requirements

Provide resources regarding state licensing requirements to promote informed decisions about child care.
