

ANCHORAGE COOPERATIVE PRESCHOOL IS HIRING!

About Us

Anchorage Cooperative Preschool has a rich history as a cooperative preschool program founded by a group of caring and engaged parents in 1970.

We believe in providing a supportive, positive environment, rich in connection and play to help students develop a lifelong love of learning.

Children explore and grow in ACP's play-based, child-focused programs, which are grounded in emergent curriculum. We believe that every child deserves positive, meaningful connections with kind guidance as they grow social emotional skills and learn to be helpful members of a community.

About the job

We are looking for a paraprofessional to work with preschoolers as they build social-emotional skills in a play-based environment. We provide a supportive and engaging learning environment for students and teachers alike.

\$16- \$18 per hour

32-40 hours per week

Paid holidays & time off

Professional development stipend

Low staff-to-student ratios

Paid training time

Classroom support from our wonderful Teachers, Director, and families
